SHORTHAND AND TYPEWRITING

THE GATEWAY TO SUCCESS.

Preparation is the path leading to it. It is no better way than by our Course of Shorthand and Typewriting.

No vocation has brighter prospects and none opens so many doors to responsible and lucrative positions as does Stenography. The demand for real efficiency is much in excess of supply and is steadily increasing. To those who have had a high school training or its equivalent, and whom we could recommend upon graduation from our Shorthand Department, a position is a certainty.

Make your plans to join our class beginning January 2, 1906. Send at once for pamphlet of our superior stenographic advantages.
